Subject: Invitation to the Leaders in Technology Program at CES 2022 (January 5-8, 2022) - Dec. 4 Ethics Deadline Fast Approaching

Dear Jamie,

You are invited to be the special guest of the **Consumer Technology Association (CTA)**® as we reconvene the tech industry in Las Vegas, NV for **CES**® **2022,** Jan. 5-8. We invite you to participate in our Leaders in Technology (LIT) program at CES.

CES 2022 keynotes include Jong-Hee Han (President of Visual Display Business, Samsung), Mary Barra (Chair and CEO, General Motors), and Mike Sievert (President and CEO, T-Mobile). John Foley (CEO, Peloton) will keynote our Leaders in Technology Dinner in a conversation led by Fox Business News' Liz Claman.

Tech has never been more important in our lives, and CES 2022 will bring the industry together again to witness the next generation of innovation. Over 1100 companies — with more being added every day — will showcase the latest in artificial intelligence, cryptocurrency, 5G, self-driving and more. Hear from industry visionaries about how policy affects the cutting-edge tech that's fueling our nation's economy and job growth. With new categories and programs, including space technology, non-fungible tokens (NFTs) and food technology, you will experience top emerging trends firsthand.

The program is also designed to meet the requirements of the ethics committee of the U.S. House and Senate for privately-sponsored travel. Pursuant to the rules, we are permitted to pay for no more than two nights and one day, subject to approval. The program, including guest rooms and the Leaders in Technology registration suite, is headquartered at the Encore at the Wynn Hotel.

CTA is offering to provide your roundtrip coach airfare, lodging, transportation in Las Vegas from and to the airport, as well as the show sites and group meals during your stay in Las Vegas. Attached please find the required Private Sponsor Certification Form and list of House and Senate member invitees for your review. This form will need to accompany your request to the U.S. House Committee on Ethics or U.S. Senate Selection Committee on Ethics for approval of privately-sponsored travel. CTA is not a lobbying firm, but does employ federal lobbyists.

Register today using this email address — jamie_susskind@blackburn.senate.gov. This is a limited, non-transferable invitation and **we ask that you reply by December 3**. For questions, please contact **LITprogram@CTA.tech**.

Your health and safety are important to us. **Proof of COVID-19 vaccination** will be required to attend CES. We will continue to evaluate and expand our health protocols as medical recommendations evolve. Please check back regularly for the **latest information**.

We hope that you will be able to join us for the Leaders in Technology program at CES 2022 — the global stage for innovation.

Sincerely,
India
