RE: CARE Learning Tour to Ecuador, August 7-11, 2022

To Whom It May Concern:

Since 2009, the CARE Learning Tours program has provided policymakers and influential opinion leaders the unique opportunity to see firsthand the impact of U.S. foreign assistance investments on health and development worldwide. CARE has engaged members of Congress and key staff from both political parties as well as influential opinion leaders on these Learning Tours.

On this CARE Learning Tour, we will be sponsoring a trip to Ecuador, which will include staff for members of the Senate and House of Representatives. This trip has been funded with the assistance of a grant provided to CARE by the Bill & Melinda Gates Foundation with the purpose of raising awareness about the importance of U.S. investments in confronting global poverty. A portion of the activities funded by the grant include congressional travel, and CARE is using some of the grant funds to support this specific trip. The Foundation did not play a role in organizing the trip and has not been involved in the selection or invitation of travel participants. This funding had not been earmarked for this specific trip as stated in Item 7 on the Private Sponsor Travel Certification Form.

We are committed to ensuring adherence to all Ethics Committee rules and regulations. For further information about CARE's advocacy and lobbying structure, please see the attached description. If you have any questions, please feel free to contact me at (202) 569-7027.

Sincerely,

Rachel L. Hall

CARE and CARE Action Now Structure Explained

CARE, a 501(c)(3) organization, is a leading international humanitarian organization fighting global poverty that places special focus on working alongside poor women who, equipped with the proper resources, can assist whole families and entire communities escape poverty through improved basic education, prevent the spread of HIV, increase access to clean water and sanitation, and expand economic opportunities and the protection of natural resources. CARE also delivers emergency aid to survivors of war and natural disasters, and helps people rebuild their lives.

CARE established CARE Action Now in October, 2007 as a related but separately incorporated 501(c)(4) organization. Served by a mostly independent Board of Directors, CARE Action Now undertakes a variety of programs and activities in furtherance the organizations' comparable missions, most notably directly influencing policymakers through public awareness campaigns, briefings, reports, meetings, testimony and other areas based on CARE's experience of working with poor people around the world over more than 60 years. The two organizations share facilities and resources, allocating the costs between them based upon use, as is common in the nonprofit sector. CARE provides periodic funding to CARE Action Now using a written grant mechanism to support the range of its advocacy and lobbying activities. CARE Action Now is increasingly raising funds independent of CARE. This is a common structure for related nonprofit organizations, where a 501(c)(3) organization uses some of its limited funding on lobbying to support a related 501(c)(4) rather than doing the lobbying directly itself.

CARE serves as common paymaster for both organizations, so that all shared employees receive one paycheck from CARE for services provided to either CARE or CARE Action Now. CARE Action Now provides to CARE its allocable share of salary, benefits, and payroll taxes. All staff time that qualifies as "lobbying activity" under the Lobbying Disclosure Act that is conducted by staff registered as lobbyists for CARE Action Now is charged to CARE Action Now under this arrangement, although those employees may also perform non-lobbying services for CARE. CARE Action Now treats its reimbursement payments to CARE as expenditures for salary and related items on its books.

This relationship which is consistent with customary practice leads us to conclude that CARE has properly completed this form, including that it does not employ or retain lobbyists. However, we include this additional information in the interests of full transparency so that the committee may make this determination for itself.

This letter is submitted in response to your request regarding a learning trip beginning August 7, 2022. The Bill & Melinda Gates Foundation made a grant to CARE USA on October 9th, 2019 to fund various activities, including congressional tours to provide learning opportunities on U.S. foreign assistance programs.

I send this to confirm that the Bill & Melinda Gates Foundation is aware of this project and provided support, through the assistance of grant funding, to CARE USA for this project for the purpose of providing members of Congress, Congressional staff, other key decision-makers and influential individuals with the personal experience and knowledge of U.S. Government programs in the developing world and to provide follow-on information to tour participants, selecting countries that have a broad array of U.S. Government development projects.

However, the Foundation did not play a significant role in the project, or in organizing the related trip, and has not been involved in the selection or invitation of travel participants. Decisions regarding travel participants have been controlled by and under the sole discretion of CARE USA. This funding has not been directly or indirectly earmarked to finance any aspect of this trip.

If we can provide any additional information, please contact me at true.pfeifer@gatesfoundation.org, or 202.709.1780.

Sincerely,

True Pfeifer

Dear Julia:

We are approaching you with a special opportunity to join CARE's Learning Tour to Ecuador over the August recess. This trip will examine the importance of U.S. investments in community empowerment and development to address some of the root causes of migration and instability in the region, including issues of economic opportunity, access to health and adequate nutrition, food security, and gender-based violence. This trip will take place August 7-11 (including travel) and will include a bi-partisan delegation of policymakers.

Travel on a CARE Learning Tour will take you off the beaten path to spend genuine time in communities directly benefiting from U.S. investments. CARE Learning Tours prioritize time in the field, visiting program sites that allow you to meet with some of the most vulnerable beneficiaries of foreign assistance. We have over 12 years of experience implementing Congressional education trips, and CARE, along with our partners, has been working for decades in many of the communities you will visit. This allows us and other program implementers to bring delegations to uniquely remote and challenging contexts. The trip will feature a wide array of implementing partners, not just CARE, for you to get a deeper understanding of the work being done. Throughout the trip, you will have a chance to understand both the successes and the challenges facing communities in Ecuador, often articulated directly by the program participants themselves, to present a comprehensive view of what interventions supported through U.S. investments can accomplish.

In May 2020, Ecuador was the second Latin American country to be hit by COVID-19 and experienced some of the highest rates of infection and mortality in the region. The pandemic triggered a deep recession that led to an increase in poverty, gender-based violence and social instability. The pandemic also compounded pre-existing challenges in Ecuador, including frequent natural disasters, weak education systems, and regional migration forced by conflict. In fact, Ecuador is one of the largest recipients of refugees in Latin America, particularly from Venezuela, with more than 400,000 refugees and migrants living in or passing through the country. Women and girls are often the most vulnerable in conflict settings, and 88.5 percent of surveyed migrants, refugees, and displaced women reported having experienced some form of gender-based violence.

Despite these challenges, community members and leaders supported by international investment are making sustainable changes in their own communities. Ecuador implemented one of the most successful COVID-19 vaccination campaigns in the world, with 77 percent of its population now fully vaccinated. Migrants and host community entrepreneurs are working together to build economic opportunity, and young girls are leading campaigns to end sexual and gender-based violence in schools.

On your journey, you will meet these community leaders, see firsthand how critical U.S. investments are making a difference, and return to Capitol Hill with a deeper understanding of the link between U.S. foreign assistance, community development, and regional and international stability.

To allow sufficient time for planning, we would appreciate a response indicating your interest by Wednesday, July 6, 2022. Please let us know any additional information that would be helpful as well as ways we can tailor this opportunity to meet your needs and availability.

Sincerely,

Rachel L Hall

SELECT COMMITTEE ON ETHICS

July 29, 2022

Julia Greensfelder
Committee on Foreign Relations
United States Senate
Washington, DC 20510

Dear Ms. Greensfelder:

This responds to your recent correspondence requesting approval from the Select Committee on Ethics (the Committee) to accept an invitation you received to travel on a learning trip to Quito, Tulcan, and Ibarra, Ecuador on August 7–11, 2022, sponsored by the Cooperative for Assistance and Relief Everywhere (CARE). Provided that you adhere to the guidance set forth below, it appears that it is permissible for you to accept necessary expenses from CARE in connection with this trip.

Background

Based on your communication with the Committee, the background in this matter is as follows.[1] You are employed as a Legislative and Policy Analyst in the Committee on Foreign Relations and Senator Robert Menendez is your supervising Senator. CARE invited you to travel on a learning trip to Quito, Tulcan, and Ibarra, Ecuador on August 7–11, 2022. CARE certified to the Committee that it will pay the necessary expenses[2] related to the travel and that it is neither a lobbyist, lobbying firm, agent of a foreign principal, or otherwise acting as a representative or agent of a foreign government. CARE has also certified that it does not retain or employ a registered lobbyist or agent of a foreign principal and that no registered lobbyist or agent of a foreign principal will accompany you at any point throughout your trip.[3]

Discussion

Privately-sponsored travel includes any gift of travel and travel-related expenses for travel outside the Senate duty station, including transportation, lodging, food and refreshments, and conference fees and materials, whether paid for directly, reimbursed, or provided directly, from a private individual or entity, in connection with a Member's, officer's, or employee's

[2] The term "necessary expenses" has a specific definition. *See Select Committee on Ethics' Regulations and Guidelines for Privately-Sponsored Travel – Glossary of Terms* at 8.

[3] The term "any point throughout your trip" has a specific definition. *See Select Committee on Ethics' Regulations and Guidelines for Privately-Sponsored Travel – Glossary of Terms* at 2.

official Senate duties. Incorporating reforms from the Honest Leadership and Open Government Act of 2007 (HLOGA), Pub. L. 110–81 (2007), Senate Rule 35.2 permits Members, officers, and employees to accept privately-sponsored travel only with the prior written approval of the Committee.

The Committee's approval process is governed by the *Regulations and Guidelines for Privately-Sponsored Travel and Glossary of Terms* (collectively, *Travel Regulations*). The *Travel Regulations* contain detailed requirements regarding who may sponsor travel; time limits for trips; and the type and amount of expenses that can be reimbursed.

Entities that do not retain or employ a lobbyist or foreign agent and all non-profit organizations designated as tax-exempt organizations under § 501(c)(3) of the Internal Revenue Code of 1986, regardless of whether they retain or employ a lobbyist or foreign agent, may sponsor foreign trips for up to seven days. The seven-day limitation means seven 24-hour periods, calculated from the time of arrival in the trip location to the time of departure from the trip location. For such trips, neither lobbyists nor foreign agents may accompany a Senate invitee at any point throughout the trip, other than in a *de minimis* way.[4] This means that neither lobbyists nor foreign agents may accompany Senate invitees at any point to and from the event, at the event itself, or at the location being visited.[5]

The Committee has determined that § 501(c)(3) non-profit organizations that are classified as private foundations, as opposed to public charities, may not pay for transportation from the United States to a foreign country.[6] However, CARE represented to the Committee that it is a § 501(c)(3) public charity, as opposed to a private foundation, pursuant to the Internal Revenue Code.[7]

Under Senate Rule 35, Senate staff must receive advance authorization signed by the Member or officer under whose direct supervision the individual works in order to accept payment or reimbursement for necessary expenses related to fact-finding travel. Further, such authorization and expenses must be disclosed to the Secretary of the Senate by filing the completed *Employee Pre-Travel Authorization* and the *Employee Post-Travel Disclosure of Travel Expenses* (Form RE-1 and Form RE-2), along with a copy of the *Private Sponsor Travel Certification Form,* and all relevant attachments (e.g., the private sponsor's invitation and itinerary) **within 30 days of the conclusion of Privately-Sponsored Travel.**[8]

---

[4] The term "*de minimis*" has a specific definition. *See Select Committee on Ethics' Regulations and Guidelines for Privately-Sponsored Travel – Glossary of Terms* at 3.

[5] *See Select Committee on Ethics' Regulations and Guidelines for Privately-Sponsored Travel* at 5; *see also Select Committee on Ethics' Regulations and Guidelines for Privately-Sponsored Travel – Glossary of Terms* at 2-3.

[6] *See* 26 U.S.C. § 4941 et seq. Section 501(c)(3) of the Internal Revenue Code broadly defines non-profit, charitable, tax-exempt organizations. These § 501(c)(3) organizations are then further defined or designated as "public charities" and "private foundations."

[7] 26 U.S.C. § 501(c)(3).

Consistent with these standards and Committee precedent, CARE's factual representations, it appears that it is permissible for you to accept necessary expenses from CARE in connection with this trip, provided that the actual travel and travel-related expenses conform to the information and materials you provided, and the travel and all required documents are disclosed to the Secretary of the Senate (Office of Public Records).

Please be advised that the United States Constitution prohibits the acceptance of any gift, including a meal, from a foreign government without the consent of Congress. In the Foreign Gifts and Decorations Act (FGDA), Congress consented to the acceptance by federal government officials of: (1) gifts of minimal value and (2) travel or the expenses for travel taking place entirely outside the United States, from a foreign government (which includes those acting as a representative or agent of a foreign government).[9] The Senate has defined minimal value as $100 or less. Further, pursuant to FGDA, there are certain reporting and procedural requirements that are imposed upon Members, officers, and employees who accept gifts from a foreign government. Please review the Committee's "Dear Colleague" letter of January 11, 2019, setting forth the items to be included in filing that report.

Finally, Senate Rule 34 requires a reporting individual,[10] on his or her Financial Disclosure Report, to make an annual disclosure of the receipt of payments or reimbursements under Senate Rule 35 from a private sponsor for officially-related travel expenses where, in the aggregate, travel expenses exceed $415 from that sponsor during a calendar year. However, if a Member, officer, or employee properly reports the receipt of necessary expenses for such travel to the Secretary of the Senate within 30 days of the travel, as discussed above, the travel expenses need not be disclosed a second time on their Financial Disclosure Report.

I hope you find this information helpful. If you have any additional questions, please do not hesitate to contact the Committee.

Sincerely,

Shannon Hamilton Kopplin
Chief Counsel and Staff Director
