History of Congressional Travel

Describe your organization's history of sponsoring congressional travel.

Software.org, the BSA Foundation is an independent and nonpartisan international 501(c)(3) organization that helps policymakers and the broader public better understand the impact that software has on our lives, our economy, and our society. As part of this mission since 2017, Software.org has hosted educational programming for delegations of congressional staff seeking to learn about technology development and implementation in seats of innovation, commerce, and political leadership. Previous trips have included Atlanta, Boston, Brussels, San Francisco, and Seattle.

Educational Activities

Describe the educational activities performed by your organization other than sponsoring congressional travel.

As an independent and nonpartisan international 501(c)(3) organization, Software.org has conducted research, released educational materials, and hosted events to raise awareness and deepen understanding around emerging technologies and their impacts to society, the economy, and environment. Software.org also sponsors an annual Girls Who Code program to teach basic coding skills and educate underserved high school students about software career paths in our Nation's Capitol and beyond.
