History of Congressional Travel

Founded in 1988, the American Israel Education Foundation (AIEF) funds Israel Seminars for members of Congress, Capitol Hill staffers, state and local officials, and other political influentials. These trips to Israel are among the most critical programs AIEF supports on behalf of the U.S.-Israel relationship. These educational seminars allow policy makers to understand the complex historical, religious and geographic context of the Arab-Israeli conflict. Participants meet with Israeli government officials, military officers, members of the Knesset, U.S. government officials, Palestinian Authority officials and leading academics and journalists. For many of the participants, who make important decisions impacting Israel and the Middle East, these trips are their first, and sometimes, only exposure to the country.

Educational Activities

AIEF grants sponsor innovative programming to educate a wide audience, including college students, members of Congress and their staff, and political professionals. In addition to educational seminars, AIEF sponsors leadership training and briefings on the Middle East and the U.S.-Israel relationship.

Purpose and Details

Provide a brief description of the trip.

This seminar, which will be on the ground in Israel for six days, is specifically designed to explore foreign policy and defense issues related to the U.S.-Israel relationship. Some of the key issues to be addressed include: the security threats confronting Israel on its Northern and Southern borders; the threat posed by a nuclear Iran; the opportunities presented by recent peace agreements between Israel and a number of Arab states; and the current prospects for peace between Israel and the Palestinians. The seminar will consist of discussions with Israeli government officials, military officers, Members of the Knesset, Palestinian representatives and U.S. officials; as well as site surveys of the northern border with Lebanon and Syria, the southern border with the Gaza Strip, and the security fence.

Explain how the purpose of the trip relates to your organization's mission.

AIEF is a non-profit 501(c)(3) organization with the mission of providing educational programming about the U.S.-Israel relationship. Strategic Survey of Jerusalem**Part I: The Origin Stories**

- City of David
- Robinson's Arch/Southern Steps
- Western Wall
- Church of the Holy Sepulchre

The City of David

Jerusalem's City of David, more than any other site, represents the complexity of the Arab-Israeli conflict. The City of David is the site most archeologists agree to be the ancient city of Jerusalem that later became the capital of the united Israelite tribes under King David. This area is one of the most intensively excavated sites in the wider region. To Jewish Israelis, the site represents the beginning of their physical and emotional attachment to Jerusalem that has continued for over three thousand years. At the same time, much of the site is located in the predominantly Arab neighborhood of Silwan. The residents of Silwan, and the Palestinian Authority leadership are opposed to the archeological efforts being carried out in the City of David. In several instances, homes in Silwan were purchased and then destroyed to open up more areas for excavations. Palestinian leadership has denied the existence of any Jewish connection to Jerusalem.

Old City of Jerusalem & the Holy Basin

The Old City of Jerusalem is home to the holiest shrines of the three monotheistic religions, including the Temple Mount, the Church of the Holy Sepulchre, and the Al-Aqsa Mosque. The Holy Basin is the historic location of Jerusalem and refers to the land surrounding the Old City, including the Mount of Olives, believed to be the departure point for Jesus' final entry into Jerusalem and the cemetery where Jews have been burying their dead for 2,500 years. The Holy Basin also includes the Western Wall, Judaism's holiest site, and the Temple Mount (Haram al-Sharif), sacred ground for Jews, Muslims, and Christians. Control over these sensitive areas remains among the largest disputes in the Middle East. The professionally guided survey will walk through all of these sites and others, educating trip participants on their historical impact and their role in today's political discussions.

Strategic Survey of Jerusalem**Part II: Watershed Moments: 1948, 1967, 2000**

-at Gilo

When Jerusalem was reunified in 1967, following 19 years of division, the State of Israel extended the city's boundaries to include the strategic hills surrounding Jerusalem. These hills served as launching pads between 1948 and 1967 for sniper and mortar attacks on Israeli parts of the city by the Jordanian Army. Since 1967, these hills have become vibrant neighborhoods, fully integrated into the fabric of Jerusalem. It is vital for those discussing the issue of Jerusalem to understand these neighborhoods' strategic importance and their relationship to the areas in the immediate vicinity.

Overcoming Obstacles to Peace

Conversation with Tal Becker

Senior Legal Advisor, Ministry of Foreign Affairs

-at the Mamilla Hotel

Since Israel's founding, the Jewish state has sought to reach a just and lasting solution to the Israeli Palestinian conflict. The United States has been closely involved in negotiations between Israel and the Palestinians. Dr. Tal Becker is a senior member of the Israeli peace negotiation team. In this position, he is on the front lines of many of Israel's most pressing diplomatic, legal and policy challenges. He is a veteran negotiator, and key behind the scenes representative, for Israel in a wide variety of contexts. During this session, he will address the prospects for peace in the current political climate. He will also discuss the complex challenges that have prevented a final status agreement thus far.

9:45 AM Depart

10:15 AM-12:30 PM **The Significance of the Holocaust in Israeli Society**
Visit to the Yad Vashem Holocaust Memorial and Museum

One cannot understand Israel's worldview without understanding the trauma of the Holocaust. Israelis view threats to its destruction in light of the events of the 1930s and 1940s, when the German government's threats to exterminate the Jewish people were not taken seriously by the international community. This museum provides an important reference point as to how Israelis interpret the threat of an Iranian nuclear program and Iranian leaders committed to Israel's destruction. Yad Vashem has become a symbol of the Jewish people and its transformation from total helplessness to self-reliance and strength. Thus, a visit to Yad Vashem provides a historical context for the Jewish state. The museum's professional docent will guide the delegation through the main exhibit hall and the children's memorial.

12:30 PM Depart for Ramallah

1:45 – 3:00 PM **A View from the Palestinian Authority**
The Honorable Jibril Rajoub
Secretary General, Fatah Central Committee
-Ramallah

During each seminar, we invite a representative of the Palestinian Authority to address the group. Mr. Rajoub will present the current state of Palestinian Authority Affairs, including the Palestinian perspective on the issues of the day, as well as relations with Israel and prospects for peace.

5:00 PM Check into Sheraton Hotel, Tel Aviv

6:45 – 8:00 PM **The Origins of Zionism: Why a Jewish State?**
Conversation with Dr. Einat Wilf
-at the Sheraton Hotel

Dr. Einat Wilf is a leading intellectual and original thinker on matters of foreign policy, economics, education, and Israel and the Jewish people. A member of the Israeli Parliament from 2010-2013, Dr. Wilf is considered one of Israel's most articulate representatives on the

international stage. She is the author of six books that explore key issues in Israel Society. She will discuss the origins of Zionism, and the importance of a Jewish State.

8:00 PM Depart

- Galit Sasson, Water Engineer, Mekorot – National Water Company
- Eytan Schwartz, Vice President of Global Strategy, BeeHero
- Rotem Arad, Director of Business Development, H2Pro

This session will include a discussion with entrepreneurs representing Israeli innovation and ingenuity that has had enormous impact both in Israel and abroad. Our three speakers represent companies in the water, agriculture, and environmental space.

10:00 PM Overnight at the Sheraton Hotel, Tel Aviv

Wednesday, July 5, 2023

-at the hotel

8:00-9:15 AM **Strategic Regional Overview**
Briefing by Brig. Gen. (Res.) Nitzan Nuriel
Former Director, Counter-Terrorism Bureau, PMO
-at the Sheraton Hotel

In order to understand the strategic threats facing Israel, participants must understand the unique situation facing Israel at the borders with the Gaza Strip, Lebanon, and Syria, all Iranian proxies. This briefing will provide an overview of each border, as well as the malign activity from Iran contributing to unrest in the region.

9:30 AM Depart

10:00 – 11:00 AM **En route briefing: A Situational Analysis of the Gaza Terror Tunnels**

During the 2014 Gaza conflict, Hamas used underground tunnels to terrorize Israel's civilian population. On April 16, 2016, the Israel Defense Forces (IDF) discovered a new two-kilometers-long, concrete tunnel from the southern part of the Gaza Strip into Israel, near the border between Israel and Egypt. The discovery was made possible through the use of a new tunnel detection technology. Given the similar threats facing the United States, including on the Korean Peninsula, the U.S.-Mexico border and in various locations in the Middle East, this breakthrough technology holds significant potential for the United States.

11:00 AM-12:00 PM Between Israel and Gaza: Erez Border Crossing

Briefing with Lior Salama, Head of Foreign Relations Department,
Coordination of Government Activities in the Territories (COGAT)
Civil Administration
-at the Erez Border Crossing

The Erez Crossing is located between the Gaza Strip and Israel, at the northern end of the Gaza Strip, between the Israeli kibbutz of Erez and the Palestinian town of Beit Hanoun. It is currently the sole crossing point between the Gaza Strip and Israel by land, and is the second option for Gazans when the Rafah Crossing with Egypt is closed. During this briefing, Mr. Salama will discuss the humanitarian situation in Gaza and Israel's efforts to improve it; and the process of getting from Gaza into Israel.

12:00 PM Depart

12:30 – 1:15 PM Lunch

-at Kibbutz Kfar Aza Dining Hall

1:15 – 2:30 PM Life in the Gaza Periphery

Briefing with local resident Chen Abrahams
-at Kibbutz Kfar Aza

Participants will visit the border between Israel and the Gaza Strip, and learn about the unique challenges faced by this area. Since 2001, Israeli communities bordering the Gaza Strip have been living under the threat of rocket fire. Since the Israeli withdrawal from the Gaza Strip in 2005 and the Hamas takeover of the Gaza Strip in 2007, the volume, range and accuracy of the rockets has only increased. More recently, Hamas has built dozens of terror tunnels to attack Israeli civilians. The delegation will meet with local residents to better understand the reality of living kilometers from Israel's border with Gaza, and how communities have sought to cope, both physically and psychologically.

2:30 PM Depart

2:45 – 3:45 PM Israel: A Nation of Resilience

Meeting with Ayelet Shmuel

The sliver of Israeli land west of the West Bank is often referred to as the Hadera-Gadera rectangle, with the city of Hadera denoting the northern point, and the city of Gadera the southern point. The Hadera-Gadera rectangle is home to over 50 percent of Israel's population, as well as civilian infrastructure. The area is also home to Israel's "silicon valley", as well as Ben Gurion international airport. The discussion at Alfei Menashe will allow participants to see firsthand the proximity of Jewish and Arab neighborhoods in both Israel and the West Bank; as well as the strategic threats faced by the Israeli population living in Israel's narrow waistline.

En route briefing: The Jezreel Valley and Upper Galilee

Our tour guide will spend an hour during the drive from Israel's center to the north to provide the delegation a briefing on the Jezreel Valley and the Upper Galilee and the challenges facing these regions of the country. For thousands of years, the Jezreel Valley served as a land bridge linking Africa, Asia and Europe, and serving as a thoroughfare for ancient caravans and, more frequently, armies. In 1948, following Israel's establishment, the combined forces of Iraq and Jordan attempted unsuccessfully to capture the valley in order to split the just-born Israel into two parts. In the early 20th century, after decades of neglect, Jewish pioneers drained the swamps in the valley, transforming this region into Israel's "breadbasket" known for wheat, cotton, sunflowers and fish ponds. The Jezreel Valley is also home to historical and biblical sites including Tel Megiddo and Nazareth.

Today it is an important symbol of Israel's complex and diverse political reality. The Jezreel Valley, together with the areas of the Lower and Upper Galilee, is home to the majority of Israel's Arab citizens. A survey of this area provides an opportunity to discuss and learn about Israel's Arab citizens – 20 percent of the population – each of which has full democratic, social and welfare rights, the right to vote and serve in the Knesset, and the opportunity to serve on Israel's Supreme Court.

The Upper Galilee is home to the largest variety of ethnic communities in Israel including Druze, Circassian, Arab Muslim and Arab Christian villages. The Galilee is also home to ancient Jewish and Christian holy sites that provide additional historical and political context to regional tensions. Just as in the case of the Jezreel Valley, the area illustrates the role of minorities in Israel. At the same time, the Upper Galilee is home to some of the most prominent industrial hubs.

Northern Border Concerns – Lebanon**Part I: The Hezbollah Tunnel Threat****-at Zarit**

Virtually all southern Lebanon is a maze of underground bunkers, rocket-launching sites, and interconnected tunnels built by the Iranian-backed Hezbollah terrorist organization. Hezbollah is the most powerful terrorist organization in the world, stronger than most national armies. They receive around \$700 million annually from Iran, along with advanced weapons, training, and political support. During this visit, the delegation will have the opportunity to go into a Hezbollah tunnel discovered by the Israel Defense Forces (IDF), to see firsthand the threat this terrorist army poses to Israel and the region. Hezbollah has created a network of tunnels hundreds of kilometers long to enable terrorists to stage an infiltration attack on military and civilian targets in northern Israel. The IDF conducted Operation Northern Shield between December 2018 and January 2019, to locate and destroy the tunnels. In January 2020, the IDF began installing a series of underground sensors along the northern border to detect any new subterranean tunnels being dug into Israeli territory from Lebanon. Participants will hear from an IDF officer who will guide them through the opening of the tunnel, and share the anti-tunneling technology Israel is using to detect new tunnels.

Sea of Galilee. Just as strategic surveys in Jerusalem focused on Jewish, Muslim, and Christian history and claims to the land, the site visits to the Christian sites help provide context for the competing religious narratives for the land of Israel. The Mount of Beatitudes, where Jesus delivered the Sermon on the Mount, is the most studied and read speech of any religion in history.

Shulman served in the IDF's paratrooper's unit, rising to the position of company commander. He holds a BA in Israel and Middle East Studies. During this session he will take participants to the border between Israel and Syria and provide an overview of the Syrian civil war.

- 1:00 – 2:00 PM **Ethics in the IDF**
 Lunch with soldiers from the Israel Defense Forces (IDF)
 -at Habokrim, Merom Golan

In Israel, military service is mandatory for everyone over the age of 18, with several exceptions. Most Israelis join the army right after high school, and serve for three years. As such, the Israel Defense Force (IDF) is an integral part of the fabric of Israeli society. During this lunch, participants will have the chance to meet with several soldiers serving in the southern region, and hear about their experiences in the army. They will discuss the values of the Israel Defense Forces – known as *Ruach Tzahal* (literally "The Spirit of the IDF"). This overarching ethical code, and the guidelines and operation resulting from it, shape the mode of action applied by all IDF soldiers and units, both in peace and at war. During basic training, every IDF soldier studies and analyzes the code of ethics together with their commanders. It is customary for a framed copy of the code to be hung in every commanders office as a constant reminder of the IDF's values and guidelines.

The Sabbath is especially significant in Jerusalem, home to the holiest site for Jews worldwide - the remains of the First and Second Temple. The dinner will include a discussion on the importance of Jerusalem to the Jewish, Christian and Muslim populations; the potential for a final status agreement on Jerusalem (arguably the most sensitive final status issue); and the diplomatic challenges faced by Israel and the United States regarding Israeli urban development in the area.

- 7:00 AM **Breakfast on own**
-at Hotel Dining Room
- 7:30 AM Depart for the Dead Sea Region
- 8:00 – 9:00 AM **En route briefing: Jericho Road and the E-1 Corridor**

Our tour guide will spend approximately one hour on the drive from Jerusalem to Masada – including the Jericho road – to discuss the strategic importance of the area east of Jerusalem. In 1948 and in 1967, the Jordanian army attacked Jerusalem from the east – the 1948 attack resulted in the city's division that lasted until 1967. Since then, Israel has established the City of Ma'ale Adumim east of Jerusalem, today home to some 40,000 residents. To the Palestinians, however, Ma'ale Adumim is the largest settlement on the West Bank. When Israel attempted to expand Ma'ale Adumim's boundary, into an area known as "E-1", the U.S. State Department stepped in and asked that no construction take place there. The issue needs to be examined with those discussing the future of Jerusalem in the context of the Israeli-Palestinian negotiations.

- 9:00-11:30 AM **History and Geo-politics of the Roman Empire**
Guide visit to Masada National Archeological Park

Masada, which was excavated in the 1960s, is considered one of the most important archeological sites in Israel, indeed in the whole world. Masada was the site of the last

stand of the Jews in Israel after the Romans destroyed Jerusalem and the Holy Temple in 70 A.D. A group of Jewish zealots fled to the Judean Desert and lived in the former mountaintop fortress of King Herod known as Masada for two years resisting the onslaught of the most powerful army in the world. Determined to break the resistance, the Romans finally scaled the mountain to capture and enslave the Jewish rebels. However, when they finally arrived, they found that all the men, women and children had killed themselves as a last act of defiance. The delegation will visit the magnificent ancient excavations; learn the narrative of Jewish resistance to the Romans backed by the archeological and historical evidence; and discuss the importance of the Masada story to the contemporary Middle East and the threats in the region.

11:30-12:00 PM Depart

12:00-1:45 PM **Exploration of the Dead Sea Region**
Followed by lunch
- at Hod

During our drive to and from the Dead Sea area, as well as during our visit to the Dead Sea, our tour guide will discuss a variety of issues integral to understanding this desert region, and relations with both the Palestinians and Jordanians. For decades, Israel has been developing the agricultural potential of the desert. While the Middle East is suffering from water shortages, Israel, through modern technology and water conservation policies, including the recycling of over 80 percent of water used for domestic purposes and transferring it to agriculture, has literally "made the desert bloom." The key regional players also face serious environmental issues in the Dead Sea region. One of the major environmental concerns is the receding of the Dead Sea and the appearance of sinkholes, which cause the earth above to collapse. Roads, fields and buildings have collapsed due to this phenomenon, and experts are concerned the tourist infrastructure along the Jordanian and Israeli shores of the Dead Sea are in danger. This issue has led to unprecedented cooperation between Israelis, Jordanians and Palestinians and serves as a model for regional cooperation.
