Dear Kristen,

On behalf of the Clean Fuels Alliance Foundation (the Foundation) and sponsoring organizations, we'd like to invite you to join us for the ***2024 Sustainable Fuels: Building the Ag Economy Tour.*** The tour will take place in New Orleans Friday April 5, 2024, and include a flight and overnight stay (Thursday, April 4). You will return to D.C. late on Friday, April 5. Space is limited, so please reserve your spot early. **Reservations must be received by Monday, February 12, 2024.**

This privately sponsored tour will provide you with a first-hand look at the economic impact of biodiesel and renewable diesel and the integration with agriculture in the region. It is a valuable opportunity to see expanding production and use of renewable, sustainable liquid fuels that reduce carbon today in heavy-duty vehicles and industry. Made from an increasingly diverse mix of resources such as recycled cooking oil, soybean oil, and animal fats, clean fuels are a proven, integral part of America's agriculture economy.

With stops at Diamond Green Diesel to see renewable diesel production, Bunge North American to see soybean crushing, IMTT to see fats and oil storage and distribution, and ARTCO to see grain handling and logistics on the Mississippi river, participants will see how renewable diesel is produced, distributed, and used and learn about the supply chain of agricultural raw materials for production.

Reserve your place on the tour today with an email or phone call to Paul Winters, pwinters@cleanfuels.org, (202) 737-8803. **Reserve your spot now.** After receipt of your registration, Foundation staff will coordinate with you for travel, lodging, and ethics paperwork.

Reserve your seat now!

Please contact us if you have any questions.

Sincerely,

Tom Verry
Executive Director
