Dear Jordan,

Want to better understand how federal broadband programs impact community-based broadband providers and rural Americans? Join the Foundation for Rural Service (FRS) in August as we tour western Oregon and Washington and learn about the significance of rural broadband in supporting education, health, commerce, agriculture, and public safety.

The trip will leave from Washington, DC on Tuesday, August 13 and return on Friday, August 16. After landing in Portland, we will do a clockwise loop in both states, visiting rural broadband providers, construction areas for fiber deployment, telehealth facilities, business opportunity hubs, and having opportunities to learn about a wide variety of rural broadband issues, all while enjoying a beautiful part of the country. A detailed itinerary will be available in the next few weeks.

The trip includes the cost of airfare, transportation within Oregon and Washington, hotel, and food (within federal *per diem* rates) and will comply with all House and Senate ethics rules on privately sponsored travel for Hill staff.

For more information or to reserve a space on the trip, please contact me at pbecker@frs.org or (703) 351-2044. **SPACE IS LIMITED to 20 PARTICIPANTS.** I will also keep a wait list. You will need to commit to your participation by **July 10** and approval forms are due to the House and Senate Ethics Committees by **July 15**.

Visit https://www.frs.org/programs/congressional-broadband-tour for videos and descriptions of past FRS tours to North Dakota, Minnesota, Montana, Kentucky, Tennessee, and Vermont.

The Foundation for Rural Service is a 501(c)(3) non-profit organization based in Arlington, Virginia. As the philanthropic arm of NTCA–The Rural Broadband Association and its members, FRS seeks to sustain and enhance the quality of life in rural America by advancing an understanding of rural issues. Through scholarships, grants, and a variety of educational programs, FRS focuses on educating rural youth, encouraging community development, and introducing the public to challenges unique to rural communities.

Thank you for your interest and I look forward to hearing from you.

FOUNDATION FOR RURAL SERVICE

FRS Congressional Broadband Tour | Oregon and Washington
August 13-16, 2024

The Foundation for Rural Service (FRS) is a 501c3 non-profit dedicated to enhancing quality of life in America by promoting a better understanding of rural issues. The vision of FRS is to harness the power of the rural communications industry to enrich lives in America.

The purpose of this trip is to educate Capitol Hill staff on the geographic and financial challenges of providing robust broadband service to remote rural areas, as well as to highlight the role rural telecom companies play in providing these essential services that support education, commercial activity, agriculture, health, and public safety. Attendees will meet with a range of small, rural telecommunications companies in Oregon and Washington as well as companies that rely on broadband to provide essential services to their communities. The group will also visit rural community leaders and discuss ways in which the state has been enhanced by broadband applications. Drive times will provide an opportunity for educational sessions on the bus, as well as illustrate the difficulty of serving "last mile" areas in rural states.

No registered federal lobbyists will attend this trip. All expenses will be paid in full by the Foundation for Rural Service (FRS) and will be subject to the daily per diem allowances for Senate and House employees—all meals, lodging, and transportation for staffers will be covered by FRS within these allowance rates.

Bus to pick up Dale Merten from ToledoTel
(Shell Station)
642 State Route 505
Winlock WA

During the ride Pam Becker will provide a general overview of the tour schedule and introduce Betty Buckley and Brant Wolf, other individuals involved in the planning and execution of the schedule.

The Washington Independent Telecommunications Association (WITA) is dedicated to providing a forum for members to share industry trends and new technologies, educate legislators and regulators, provide training opportunities for member companies, and connect vendors with members in an effort to build state of the art networks across Washington. WITA members are experts at getting communications services into the most rural areas of the state and almost all members provide telephone and broadband services to 100% of their service areas. The Oregon Broadband Association (OBA) represents the chief providers of voice and data communications in Oregon. Members include local exchange telephone companies, long distance carriers, wireless companies, cable companies, Internet providers, alarm companies and over 100 suppliers of telecommunications equipment and services. Membership in the Association is open to all telecommunications providers and suppliers.
Speakers:

- Pam Becker, Executive Director, Foundation for Rural Service
- Betty Buckley, Executive Director, Washington Independent Telecommunications Association
- Brant Wolf, Executive Vice President, Oregon Broadband Association

Lunch on the bus

11:45 a.m. – 1:00 p.m. Bus to Bonneville Lock and Dam Auditorium
Exit 40 off I-84
Cascade Locks, OR

1:00 – 4:00 p.m. **Tour Bonneville Lock and Dam**, built and operated by the U.S. Army Corps of Engineers, was the first federal lock and dam on the Columbia and Snake rivers. The project's first powerhouse, spillway and original navigation lock were completed in 1938 to improve navigation on Columbia River and provide hydropower to the Pacific Northwest. A second powerhouse was completed in 1982, and a larger navigation lock in 1993. Today, the project is a critical part of the water resource management system that power generation, navigation, water quality improvement, fish and wildlife habitat including fish passage and recreation along the Columbia River.
Speakers:

- Jim Gross, Deputy Operations Project Manager, U.S. Army Corps of Engineers -- Bonneville Lock and Dam
- Michael Adams - Bonneville Lock and Dam, Operations Project Manager
- Hannah Dondy-Kaplan, Intergovernmental Affairs, Oregon Liaison, Bonneville Power Administration

4:00 – 5:10 p.m. Bus to Mt. Hood Meadows Ski Resort
14040 OR-35
Mt Hood, OR 97041

5:15 – 6:00 p.m. **Visit Mt. Hood Meadows Ski Resort.** Mt. Hood Meadows operates on a special use permit in the Mt. Hood National Forest. In the four decades Meadows has operated, its ownership and shareholders have invested nearly $50 million into the ski resort, which has increased skier visits from a few thousand its first year to more than 400,000 a season. The ski area has a long history of

	using "best management practices" to properly minimize the short-term environmental impact of construction and uses strategies to restore construction sites long-term. Prior to proposing a new project, the ski area first analyzes the landscape, looking to minimize impacts on vegetation, wildlife habitat, water quality, and reduce the potential for erosion. Then the projects are constructed using sophisticated techniques such as helicopter installation of chairlifts to reduce impacts on the landscape, and re-vegetation with native wildflower and grasses with seeds collected on site. Ski operations and retail sites at Mt. Hood Meadows rely on broadband service provided by Reliance Connects which can be challenging in such an extreme location. Speaker: • Brooke Wheeler, President and CEO, Reliance Connects • TBD, somebody from Mt. Hood Meadows

8:45 - 10:45 a.m.	**Tour Warm Springs Reservation Telephone Operations.** The Warm Springs Indian Reservation consists of 1,019 square miles (2,640 km2) in north-central Oregon, in the United States, and is governed by the Confederated Tribes of Warm Springs. Three tribes form the confederation: the Wasco, Tenino (Warm Springs) and Paiute. Since 1938 they have been unified as the Confederated Tribes of Warm Springs. Warm Springs Telecom is a wholly owned enterprise of the Confederated Tribes of Warm Springs. It is the 9th tribally owned

telecommunications company in the United States and was created to serve every person, business and government agency on the Warm Springs Reservation with landline telephone service and high-speed broadband Internet. Warm Springs Telecom received an American Recovery and Reinvestment Act (ARRA) award in the summer of 2010 to build a Central Office building that houses customer service, administration and the central office, where all the equipment needed for a telephone company to work has been installed. In addition, a fiber/fixed wireless network has been built around the reservation to connect customers.

Speaker:

- Tim York, General Manager, Warm Springs Telecom

10:45 – Noon

Bus to DirectLink Data Center
207 Columbia Street
Bend, OR 97702

During the bus ride John Cannon from Rally Networks will discuss the challenges of providing broadband services in different states, with different permitting, funding opportunities, and leadership from state broadband offices. Rally Networks provides broadband services to rural communities in Washington, Oregon, Idaho, Missouri, Oklahoma, and Arkansas.

Speaker:

- John Cannon, Government Affairs Specialist, Rally Networks

Noon – 1:30 p.m.

Lunch and Tour of DirectLink Data Center. DirectLink serves businesses, government, and retail members with a wide variety of communications products including voice services, fiber optic internet, WiFi and others. DirectLink serves over 8,000 cooperative members within a nearly 100 square mile footprint between Canby and Mt. Angel, Oregon. There are approximately 260 telephone cooperatives in 31 states across the country. The independent telephone industry was developed throughout the country by farmers who were unable to receive telephone service in the small rural communities where they lived and worked. These farmers pooled their resources to establish telephone cooperatives.

Speaker:

- Paul Hauer, President, Direct Link Cooperative
- Derrick Mottern, COO, Direct Link Cooperative

1:30 – 3:30 p.m.	Bus to Stayton Cooperative Telephone Company 242 5th Street Lyons , OR
3:30 – 4:30 p.m.	**Visit SCTC Central Office**, which is operated remotely from the primary office. Speakers will discuss the impact of the August 2020 Beachie Creek Fire, which ravaged multiple communities in northwestern Oregon, before it was fully contained on December 10, 2020. The Beachie Creek Fire claimed at least five lives, decimated thousands of structures and scorched nearly 200,000 acres. One focus for rural broadband providers is how to maintain communication services for first responders during emergencies as well as reestablishing service for affected customers. Speaker: • Erik Hoefer, President/CEO, Stayton Cooperative Telephone Company
4:30 – 5:30 p.m.	Bus to Wooden Shoe Tulip Farm 33814 S. Meridian Road Woodburn, OR 97071
5:30 – 8:30 p.m.	**Tour and dinner at the Wooden Shoe Tulip Farm facilities,** a family-run business that began growing tulips in 1974. In the 1980s the farm expanded and in 2001 changed its name to Wooden Shoe Tulip Farm. In the first few years sales were printed on black and white order sheets but in 1985 it opened the fields for Easter Weekend and the farm became a destination site. Operations have expanded from taking bulb orders and selling cut flowers to now include potted tulips, gift shop items, and food and activities on weekends for visitors. This worldwide business relies on broadband service for on-line sales as well as on-site operations and sales. In addition, Barb Iverson is the chair of the Monitor Communications Cooperative Board. Speakers: • Geri Fraijo, GM/CEO, Monitor • Barb Iverson, owner of Wooden Shoe Tulip Farm and Chair, Monitor Cooperative Telephone Company • (Invited) Tina Kotek, Governor of Oregon • Daniel Holbrook, Broadband Manager, Oregon State Broadband office
