Dear John,

The Technology Policy Institute will host its 16th annual summer Aspen Forum on August 17-19, 2025 at the St. Regis Hotel in Aspen, Colorado. It is our pleasure to invite you to participate.

We anticipate this being among the most important TPI Forums to date given new developments domestically and abroad. We will cover artificial intelligence, space, competition, tariffs, broadband, the government's role in promoting science and technology, spectrum regulation, conflicts with China, and much more.

The TPI Forum sets the stage for a wide range of policy debates in Washington in the fall and winter Congressional sessions. Nobel Laureates, tech sector titans, commissioners from U.S. and international agencies, congressional staffers, top academics, and industry leaders routinely attend—often year after year.

We hope you can join us. Please contact us if we can be helpful in any way. We hope to see you in Aspen.

Best Regards,

Scott Wallsten, Ph.D.
President and Senior Fellow

History of Congressional Travel

The TPI Aspen Forum is in its 16th year of bringing, coordinating, & executing this policy forum and has complied with all congressional ethics rules for member and staff participation. This is the only event hosted outside of Washington DC that includes congressional-sponsored travel and is done without regard to congressional participation. TPI's annual summer Aspen Forum brings together policymakers, academics & industry to explore various issues related to technology & tech policy. TPI's role in organizing and conducting the trip involves creating a balanced agenda that addresses various technology-related issues and incorporates diverse perspectives.

Educational Activities

TPI's mission is to advance knowledge & inform policymakers by producing independent, rigorous research & scholarship, by sponsoring educational programs & conferences on major issues affecting information technology and communications policy. We elevate policy discussions in tech and telecom matters with rigorous, independent economic analysis. Educational and research activities to further this goal are policy outputs (i.e. popular economics podcast Two Think Minimum, webinars, white papers, conference papers, research presentations, economic analysis, regulatory filings & commentary). We produce digital tools that include a cloud-based national broadband map, as well as generative AI chatbots that answer questions about broadband grants. Our scholars publish their work in peer-reviewed economics journals, law reviews & contribute to machine learning knowledge in the software development community.

Itinerary

The itinerary is below.

Transportation (Per Member/Officer/Employee: \$858.00 | Accompanying Family Member: \$0.00)

Transportation Type	Class	Amount
Airfare	Coach	\$758.00
Note Roundtrip, economy-class, airfare is provided		
Ground Transportation	N/A	\$100.00
Note We will reimburse rideshare and/or cab fare to/from airports		

Lodging (Per Member/Officer/Employee: \$758.00)

Check-In	Check-Out	Facility	City	State	Country	Nights	Cost/Night	Cost Exceed Per Diem
08/17/2025	08/19/2025	THE MOLLIE ASPEN	ASPEN	Colorado	United States	2	\$379.00	Yes

Cost Exceeds Per Diem Reason

Lodging is slightly above the GSA rate. TPI planned to provide complimentary lodging to all government participants at the St Regis Aspen Resort, however, a negotiated rate of \$489 per night significantly exceeds the government per diem rates for lodging. The MOLLIE Aspen was selected for Senate staff because it is less expensive than the St Regis Aspen Resort and other nearby hotels. As the host venue for the forum, the vast majority of the conference attendees and speakers will be staying at the St Regis Aspen Resort. TPI will arrange for only congressional staff to stay at the Aspen Mountain Lodge. Efforts are made to contain costs for all aspects of this event.

Meals (Per Member/Officer/Employee: \$762.30)

Date	Breakfast	Lunch	Dinner	Incidentals	Total	City	State	Country	Cost Exceeds Per Diem
08/17/2025	\$0.00	\$0.00	\$44.10	\$0.00	\$44.10	Aspen	Colorado	United States	No
08/18/2025	\$94.50	\$126.00	\$189.00	\$88.20	\$497.70	Aspen	Colorado	United States	Yes

Cost Exceeds Per Diem Reason

Attachment C Meals are the same provided to all attendees and are included in the registration fee. We were not able to negotiate a less expensive meal option that complies with GSA per diem rate. Efforts are made to contain costs with respect to all aspects of this event.

08/19/2025	\$94.50	\$126.00	\$0.00	\$0.00	\$220.50	Aspen	Colorado	United States	Yes
------------	---------	----------	--------	--------	-----------------	-------	----------	---------------	-----

Cost Exceeds Per Diem Reason

Attachment C Meals are the same provided to all attendees and are included in the registration fee. We were not able to negotiate a less expensive meal option that complies with GSA per diem rate. Efforts are made to contain costs with respect to all aspects of this event.

Reasonable Miscellaneous Expenses (Per Member/Officer/Employee: \$1,500.00)

Expense Type	Amount	Notes
Conference Fees	\$1,500.00	Conference registration fees help offset the costs of providing meals, lodging, and travel expenses. TPI extends complimentary registration to government participants and speakers, subject to compliance with their respective office or agency ethics guidelines.

Keynote Address: Innovation, Ideas and Economic Growth in the Digital Age

Professor Charles "Chad" Jones, STANCO 25 Professor of Economics at Stanford University's Graduate School of Business and co-recipient of the 2021 Robert E. Lucas Jr. Prize will discuss "Innovation, Ideas, and Economic Growth in the Digital Age" in this keynote address. Jones' research addresses the most pressing economic questions of our time, such as why achieving Moore's Law now requires far more researchers than in the early 1970s, balancing potential enormous AI-driven economic growth with investments to mitigate associated risks, and how population decline in developed nations could fundamentally alter economic development trajectories. At a time when nations grapple with slowing productivity growth, rapid AI advancement, and demographic transitions, Jones' models and data-driven insights offer crucial guidance for policymakers seeking to harness AI's transformative potential while managing its risks.

8:50 am – 9:35 am Panel Discussion: Privacy and Governmental Surveillance
 Astor Ballroom 1

As governments around the world expand their surveillance capabilities, strong encryption remains a cornerstone for protecting personal privacy, securing business data, and preserving digital rights. For consumers, it guards against identity theft and intrusive monitoring; for businesses, it protects intellectual property and builds trust across global markets. Yet, as governmental pressure to weaken encryption intensifies, critical questions arise: How do we preserve strong encryption standards while addressing legitimate security concerns? Can privacy, innovation, and human rights truly coexist with national security imperatives? And how do we resist the false choice between security and privacy that authoritarian regimes often present? This panel will explore these tensions and the global stakes of encryption policy.

Panel Discussion: Geopolitics and AI

Competition and cooperation in AI coexist in complex ways across multiple levels of governance. While nations race to secure AI advantages, they simultaneously benefit from technological spillovers that transcend borders, creating a paradox where competitors are also inadvertent collaborators. This session examines AI geopolitics as a multi-layered phenomenon spanning international rivalries, federal policies, and state-level initiatives ranging from the US-China technology competition to EU governance frameworks to safety regulations and competition for talent and investment.

Victoria Jeffries, Director of AI Policy, Meta Platforms, Inc.
Matt Perault, Head of Artificial Intelligence Policy, Andreessen Horowitz
Emelia (Emmy) Probasco, Senior Fellow, Center for Security and Emerging Technology (CSET), Georgetown University

Lodging and meals are above the GSA rate.

TPI planned to provide complimentary lodging to all government participants at the St Regis Aspen Resort, however, a negotiated rate of \$489 per night significantly exceeds the government per diem rates for lodging.

The MOLLIE Aspen was selected for Senate staff because it is less expensive than the St Regis Aspen Resort and other nearby hotels. As the host venue for the forum, the vast majority of the conference attendees and speakers will be lodging at the St Regis Aspen Resort. TPI will arrange for only academic, government, and congressional staff to stay at the MOLLIE Aspen.

Efforts are made to contain costs for all aspects of this event.

Meals are the same provided to all attendees and are included in the registration fee. We were not able to negotiate a less expensive meal option that comply with the GSA per diem rate. Efforts are made to contain costs concerning all aspects of this event. Cost breakdown of meals provided:
