ATTACHMENT 1 – CHANGES FROM APPROVED PRE-TRAVEL

Note: Material changes to a trip that occur after the Committee has issued an approval letter may invalidate the Committee's approval. Please contact the Committee with any questions regarding changes to an approved trip.

Were there any changes to the pre-approved travel expenses? (Transportation, Meals, Lodging, Other)?

● Yes ○ No

Expense Change	Revised Amount	Explanation
Meals	$147.00	The total for meals throughout the trip was $147. We moved the Snowflake visit to the hotel due to their venue dropping out. We had to change the location for dinner so we could have site visits at the same location as dinner. This is the reason for the cost change.
Misc. Expenses	$75.00	$75 was the travel booking fee.

Were there any changes to the pre-approved itinerary?

● Yes ○ No

Explanation: Due to weather, the AV visit topic of discussion changed to the following: Demonstration will include a tour of the Switchblade production facility. Staff will learn about the software command-and-control interoperability and hear how autonomy and automatic target recognition (ATR) play a role in AV platforms. Additionally, staff will receive an overview of AV's portfolio of capabilities relating to and including AI or other autonomous-capable features. Due to change in venue availability, the Snowflake visit location changed to the hotel at 8440 Sunset Blvd, West Hollywood, CA 90069. The Snowflake topic of discussion also changed to the following: Learn how Snowflake is delivering for the public sector and sports. Learn how the Snowflake platform is harnessing the power of data and AI to drive operational and performance efficiency, and personalize citizen and fan experiences.

Were there any additional changes to the pre-approved trip?

○ Yes ● No

Explanation: There were no additional changes to the pre-approved trip.

History of Congressional Travel

Innovative Future Collective (IFC) is a 501(c)3 with IRS-approved tax-exempt status that was formed in 2024. In June 2025, it sponsored its first Congressional Travel with a staff delegation to the San Francisco area that provided educational opportunities on the use of Artificial Intelligence (AI) in business, as well as the development of AI. It hosted a similar staff delegation educational trip to London in November 2025 and to New York City in January 2026.

Educational Activities

IFC hosts educational briefings open to the public throughout the country and Washington DC. This includes a "scholar series" program, where we bring experts and academics together for panel discussions and Q and A that are open to the public to learn, understand and question how AI is influencing and shaping industry. We also provide opportunities for the community to see, learn and experience developments in AI technology.

Purpose and Details

Provide a brief description of the trip.

This is an educational trip to Los Angeles, with one calendar day of programming, to provide an opportunity for staff to learn about current applications and future prospects of AI technology. It will include conversations and education on privacy and security as well as AI in the defense and entertainment industries.

Explain how the purpose of the trip relates to your organization's mission.

This trip will bring together AI experts, researchers, developers, and federal policymakers to share knowledge about AI, including future and current uses. It will address the pros and cons associated with AI. The trip will allow for discussion around AI and visualization of the technology and how it is developed.

Is your organization the only sponsor for this trip?

- [x] Yes
- [ ] No

Grantmaking Organizations (Optional)

There are no grantmaking organizations.

With or Without Regard for Congressional Participation

The trip is arranged or organized specifically with regard to congressional participation.

Lobbyist/Foreign Agent Involvement in Planning, Organizing, Requesting or Arranging

- [x] The trip will not in any part be planned, organized, requested, or arranged by a registered lobbyist or agent of a foreign principal, other than de minimis involvement.

Lobbyist/Foreign Agent Financing

- [x] The trip will not be financed in any part by a registered lobbyist or agent of a foreign principal.
- [x] No funds or in-kind contributions were earmarked directly or indirectly for the purpose of financing this specific trip from a registered lobbyist or agent of a foreign principal or from a private entity that retains or employs one or more registered lobbyists or agents of a foreign principal.

Lobbyist/Foreign Agent Accompaniment

Complete if all sponsors are §501(c)(3) organizations

- [ ] The trip is limited to three days (for trips inside the continental United States) or seven days (for trips outside the continental United States), and no lobbyist or agents of a foreign principal will accompany the Member, officer, or employee at any point throughout the trip
- [ ] The trip is limited to a one-day event (exclusive of travel time and **one** overnight stay) and no registered lobbyists or agents of a foreign principal will accompany the Member, officer, or employee on any segment of the trip
- [x] The trip is limited to a one-day event (exclusive of travel time and **two** overnight stays) and no registered lobbyists or agents of a foreign principal will accompany the Member, officer, or employee on any segment of the trip

  > In order to maximize the one day of programming, we must begin programming at breakfast time. Due to the long nature of the flight and the flights times offered from the East Coast to Los Angeles, participants must arrive the night before programming. We have selected a direct flight from Washington, DC to meet this requirement, which minimizes the time on the ground in Los Angeles, but allows for a night of sleep and early morning programming the following day.

Complete if any of the sponsors is not a §501(c)(3) organizations.

- [ ] The trip is limited to three days (for trips inside the continental United States) or seven days (for trips outside the continental United States), and no lobbyist or agents of a foreign principal will accompany the Member, officer, or employee at any point throughout the trip
- [ ] The trip is limited to a one-day event (exclusive of travel time and **one** overnight stay) and no registered lobbyists or agents of a foreign principal will accompany the Member, officer, or employee on any segment of the trip

LA Hotel Cost Justification 2026

We explored numerous hotel options. However, given the characteristics we needed in a hotel to fulfill the purposes of the trip, we had to choose a hotel that exceeded the GSA's stipend for the area. The characteristics we needed in a hotel are:

1) Audio/Visual and use of the reception for briefing the group before the morning departure
2) Proximity to restaurants and meeting locations to decrease transportation cost and travel time, due to the very brief time for programming
3) Safe area where participants can walk outside
4) On-site hotel food and beverage options late at night and early in the morning due to the schedule and the early departure to the airport and breakfast included in the room cost.
5) Capacity to accommodate a large room block so all staff can stay in a safe location together.

When identifying possibilities that met these qualifications, and had the availability for the group of our size, the selected hotel offered the most competitive rate.

Background:

Traffic Time:
Traffic in and around Los Angeles is incredibly heavy and time consuming. Navigating from one of the other areas of the city, such as Burbank, Hollywood, and Westwood causes a minimum of 30-55 min in the car between stops. Looking at suburbs such as Pasadena added even more time. Due to the brief nature of the trip– 24 hours "on the ground" of programming– we wanted to minimize the group's time in traffic. Therefore, the hotel selected is within central proximity to all site visits and within a short drive to the restaurant at the end of our programming day.

Cost of Transportation:
The cost of providing group transportation in Los Angeles and the surrounding areas is very high per hour. Due to the location of this hotel, we are able to reduce the transportation costs by allowing the group a close drive to dinner on February 19.

Safety:
In specific areas of the city, Los Angeles has struggled with significant safety challenges. As the group of staff can be a high target for crime, we were very mindful to do all that is possible to ensure the safety of our group. Therefore, safety of the neighborhood and walkability was an important factor when considering hotels.

Private space in reception/meeting area with AV/Mac Hook up Capabilities:
In order to gather our group, we wanted a hotel that enabled us to meet and give a brief overview of the day via a slide presentation for the group near the reception without requiring us to reserve a private room (which would increase costs). Few hotels had such space and fewer would allow us to use it. This further restricted the suitable options.

On-Site Hotel Meal Options:
We worked with the hotel to allow for breakfast included in the nightly room rate which lowered per diem meal costs and will save time on transportation on the programming day and travel day.
