History of Congressional Travel

Describe your organization's history of sponsoring congressional travel.

The American Exploration & Production Council (AXPC) is a national trade association representing independent domestic oil and natural gas exploration and production companies. AXPC is funding, organizing and conducting the trip with additional logistical support from Diamondback Energy, the company whose operations the group is touring. AXPC is providing a field trip to educate participants on oil and gas industry practices, and to provide context to those working on legislative and regulatory issues around oil and gas development. The organization has hosted this type of trip over 20 times over the last 24 years.

Educational Activities

Describe the educational activities performed by your organization other than sponsoring congressional travel.

In addition to sponsoring congressional travel, AXPC hosts congressional briefings on environmental stewardship and technological advancements in the oil and gas industry, produces an educational podcast featuring industry experts and policymakers, develops educational materials on energy production, and provides workshops for industry workers on testing protocols, best practices, and regulatory updates.

Lobbyist and Foreign Agent Registration Information

Lobbyist Registration Status (Select one):

( ) I certify that the sponsor is not a federally registered lobbyist and does not retain or employ a federally registered lobbyist.

(•) I certify that the sponsor is not a federally registered lobbyist but does retain or employ one or more federally registered lobbyists.

Foreign Agent Registration Status (Select one):

(•) I certify that the sponsor is not an agent of a foreign principal and does not retain or employ an agent of a foreign principal.

Foreign Agent Registration Status (Must select all):

[✔] I certify that the sponsor is not a foreign government.

[✔] I certify that the sponsor is not an entity that is owned or operated by a foreign government.

[✔] I certify that the sponsor does not receive funding from a foreign government.

Purpose and Details

Provide a brief description of the trip.

This educational trip offers a firsthand look at the oil and gas industry's leadership in environmental stewardship, operational innovation, and community engagement. Participants will visit facilities operated by Diamondback Energy, a leading Permian Basin producer, with site tours highlighting modern oil and natural gas development and the full lifecycle of operations—including drilling, completion, and production.

Explain how the purpose of the trip relates to your organization's mission.

The purpose of this trip aligns with AXPC's mission to educate policymakers and regulators on the safe, responsible, and technologically advanced development of America's oil and natural gas resources. By providing firsthand exposure to key stages of exploration and production, the trip highlights the operational practices, environmental stewardship, and community engagement efforts employed by AXPC member companies. This educational experience reinforces AXPC's role as a trusted, nonpartisan resource and supports informed, fact-based policymaking on responsible domestic energy development and its contributions to economic growth and community well-being.

Is your organization the only sponsor for this trip?

○ Yes ◉ No

If No, describe your organization's role in planning the trip.

AXPC works with our member company to identify and partner on a location where they will host the trip at their site. We coordinate travel arrangements, assist with programming logistics, and manage the invitation process for Senate staffers to ensure a successful and informative visit.

If there are multiple sponsors, each sponsor must submit Organization Information (Page 1 of the Private Sponsor Travel Certification Form) and a Signature Page Form.

Grantmaking Organizations (Optional)

If you have a Grantmaking Organization, you must attach a Grantmaking Organization Certification Form.

Appreciate you connecting me with Sophie!

Sophie, sharing the invitation below for your awareness. We hope you'll be able to join us.

AXPC invites you to join us for an educational field tour in **Midland, Texas, from February 17–19**, in the heart of the Permian Basin—where the American shale revolution began and continues today—hosted by Diamondback Energy.

The tour will provide an on-the-ground look at modern oil and natural gas development, including:

- The full lifecycle of operations, from drilling and completion to production
- How technology and scale drive efficiency across large Permian assets
- Direct engagement with operators and technical experts in the field

Additional details and logistics are included in the attached overview. AXPC will provide all necessary materials to support congressional ethics and reporting requirements.

Please note that participation is limited and available on a first-come, first-served basis. Invitations are office-specific and non-transferable; however, if you are unable to attend, we would appreciate it if you could identify the appropriate energy or environmental policy staffer from your office who may be interested.

We hope you can join us!

Hi Kayla!

Thanks for following up!

I'm afraid I'm not available, but my colleague, Sophie, might be if there is space. We work on energy issues together.

Happy New Year—I hope 2026 is off to a great start!

I wanted to share a brief reminder regarding AXPC's educational field tour in **Midland, Texas, February 17–19**, hosted by Diamondback Energy. As we kick off AXPC's 20+ year tradition of hosting congressional field tours, we're starting the year in Midland, at the heart of the Permian Basin.

The tour will offer a firsthand look at modern oil and natural gas development, including site visits and direct engagement with operators and technical experts. Additional details and logistics are included in the attached overview, and AXPC will provide all necessary materials to support congressional ethics and reporting requirements.

Participation is limited and available on a first-come, first-served basis. Invitations are office-specific and non-transferable; however, if you're unable to attend, we'd appreciate it if you could point us to the appropriate energy or environmental policy staffer from your office who may be interested.

We hope you'll be able to join us and look forward to hearing from you!
