Climate Solutions FOUNDATION

August 10, 2026

Shane Londagin
U.S. Senate
Senior Policy Advisor
Office of Senator John Hickenlooper

Dear Shane,

On behalf of the **Climate Solutions Foundation (CSF)**, we would like to invite you to join us for a bipartisan congressional delegation to New York City for programming surrounding 2026 NY Climate Week. Members will travel to New York on **Sunday, September 20, and return to Washington, DC on Tuesday, September 22.**

NY Climate Week is the largest annual domestic climate and energy event of its kind, featuring high-level business and international leaders, investors, policymakers, and civil society representatives from around the world. Increasingly, this convening has become focused on the economic, innovation, and trade dimensions of energy and climate, serving as a space to form partnerships, discuss policy priorities, and shape investment decisions between domestic and international parties.

As part of the delegation, CSF programming will include roundtables, panels, dinners, and receptions where you will have the chance to learn from and exchange ideas with experts from the public and private sector, think tanks, and international community. Our goal is for you to leave with a broader understanding of the policy and investment landscape, new relationships across sectors, and actionable insights to inform your work on energy and climate issues. The central aim of this delegation is to identify bipartisan opportunities for action — areas where shared economic interests, innovation priorities, and energy security goals can serve as a foundation for durable, cross-aisle solutions.

This year, NY Climate Week discussions are centered around growing electricity demand, AI and data centers, innovative tech finance, supply chain resilience, and economic development. Your work surrounding these topics and bipartisan efforts will be a great asset to our delegation.

CSF will cover travel expenses, ground transportation associated with travel to and from New York City, and transportation arranged as part of Climate Week programming. We will also cover meal expenses related to the trip, in compliance with applicable House and Senate ethics rules.

If you are interested in participating, please let Ana, Ingrid, or Andrea from Team CSF know by Monday, Aug. 17. Space is limited and Ethics will be due by Thursday, Aug. 20.

We hope you will be able to join us.

Best,
Ana, Ingrid, and Helen

History of Congressional Travel

The Climate Solutions Foundation (CSF) has sponsored educational trips and programs for Congressional Members and staff for many years. These programs have included participation by U.S. House Members and Senate staff in Columbia University's Climate Program in 2022, as well as a visit to Calvert Cliffs in 2021.Over the years, CSF has also hosted Congressional delegations and staff for programs at Idaho Falls, CERAWeek in Houston, Equinix's Ashburn data center, New York City Climate Week, and COP programs. Both House and Senate Members and staff have been invited to participate in these educational programming providing bipartisan Congressional participants with opportunities to engage directly with industry leaders, policymakers, and experts on climate, energy, and emerging technologies.This longstanding programming reflects CSF's commitment to providing educational, bipartisan opportunities for Members of Congress and Congressional staff to better understand climate and energy issues

Educational Activities

The Climate Solutions Foundation (CSF) has sponsored educational programs and trips for Congressional Members and staff for many years. CSF's programming includes roundtables, panels, dinners, and receptions with corporate partners, government officials, and international allies focused on domestic and global energy and climate issues. Over time, CSF has expanded its programming to include domestic educational trips, international trips to United Nations Conference of the Parties (COP) meetings, Congressional staff briefings, receptions, and a Congressional fellowship program. These efforts have provided bipartisan House and Senate Members and staff with opportunities to engage directly with policymakers, industry leaders, government officials, and subject-matter experts.

Purpose and Details

Provide a brief description of the trip.

New York City during Climate Week and the United Nations General Assembly provides a unique opportunity to bring senior House and Senate staffers deeply engaged in climate policy together with a bipartisan group of leaders from the private, public, and nonprofit sectors. Being in NYC during this time allows staff to experience the broader global climate conversation firsthand and engage with policymakers, corporate leaders, and other stakeholders who are actively shaping climate and clean-energy policy. While Climate Solutions Foundation will curate its own programming, the proximity to Climate Week and UNGA provides access to a breadth of conversations and leaders that would be difficult to replicate elsewhere. The combination of bipartisan congressional engagement, substantive Foundation programming, and exposure to the larger global climate community demonstrates the importance of finding practical, durable climate solutions that can garner support across political lines.

Explain how the purpose of the trip relates to your organization's mission.

The Climate Solutions Foundation (CSF) was founded in 2019 as an educational, bipartisan 501(c)(3) non-profit organization. Our mission is to bring together ideologically diverse Members of Congress and heir staff, global leaders, and corporate and trade executives to discuss climate science, economics, and policy. The Climate Solutions Foundation hosts a series of bipartisan, bicameral gatherings of members of Congress, congressional staff, executives, and scientists to build trust within the climate change ommunity and inspire collaborative efforts to advance the agenda on climate change. Since then, CSF has expanded its programming to include domestic educational trips, international trips to the UN's (COP) convenings, congressional staff briefings, receptions, and a congressional fellowship program. The Climate Solutions Foundation is solely responsible for organizing and planning all aspects of the trip.

Transportation (Per Member/Officer/Employee: $500.00 | Accompanying Family Member: $0.00)

Transportation Type	Class	Amount
Train	Coach	$500.00

Note
roundtrip coach amtrak

Lodging (Per Member/Officer/Employee: $1,298.00)

Check-In	Check-Out	Facility	City	State	Country	Nights	Cost/Night	Cost Exceed Per Diem
09/20/2026	09/22/2026	WestHouse	New York City	New York	United States	2	$649.00	Yes

Cost Exceeds Per Diem Reason
Staying in Midtown during Climate Week is necessary due to the exceptionally high demand for hotel accommodation throughout New York City during this period. Climate Week and the United Nations General Assembly bring thousands of government, business, and policy leaders to the city, significantly limiting available hotel inventory and driving rates well above standard GSA lodging rates. The delegation needs to remain in Midtown to provide reasonable access to Climate Week programming, meetings with corporate and policy leaders, and the Foundation's own scheduled programming. Moving outside the Midtown area would create significant transportation challenges and additional costs and would impact the efficiency of the delegation's tightly scheduled program. Given the timing, limited availability, and location requirements, the higher hotel rates are unavoidable and necessary to ensure appropriate accommodations for the congressional delegation.

Meals (Per Member/Officer/Employee: $215.00)

Edgar Mine, 365 8th Ave, Idaho Springs, CO 80452

8:00 AM – 10:00 AM **CO School of Mines, Experimental Mine**

The Edgar Experimental Mine provides a hands-on view of applied mining research, workforce training, and technology development in a real-world underground environment. This visit will (1) allow staff to observe how research and demonstration projects translate into operational mining practices, (2) ground policy discussions on critical minerals, domestic supply chains, and workforce in practical application, and (3) highlight the role of university-industry-government partnerships in advancing domestic critical mineral buildout across the U.S. mining and energy sectors.

Rough Agenda:
8:00-8:20 AM Safety Briefing
8:20-9:00 AM Mine History & Overview of Experimental Mine Applied Work
9:00-10:00 AM Tour Demo Areas and Labs

10:00 AM **Drive to Colorado School of Mines (CSM)**
30-45 minute drive

10:45 AM – 12:30 PM **Colorado School of Mines Tour and Presentations**
1500 Illinois St., Golden, CO 80401

Colorado School of Mines is a partner of NLR and provides an applied perspective on energy systems, critical minerals, and subsurface engineering—issues central to both energy security and economic growth. Staff will have the opportunity to understand workforce development from an academic institution with ties to both the federally operated national lab and industry. This will help staff understand the technical expertise needed for the future of the US energy industry, challenges facing domestic energy supply chains, and collaboration underway between the public and private sectors and academic institutions.

Rough Agenda
10:45-11:15 AM Campus Tour, including new U.S. Geological Survey building *(Speaker: Lisa Knizel, Director of Research & Development, CO School of Mines)*
11:15-12:30 PM Staff Briefing with Payne Institute for Public Policy *(Speakers: Morgan Bazilian, Director of Payne Institute of Public Policy | Ian Lange, Professor of Economics & Business | Elizabeth Holley, Associate Professor of Mining Engineering | Alicia Polo, Executive Director of Critical Minerals Strategy & Advancement | Bill Zisch, Head of Mining Engineering*

Providing high-level background on Research, Innovation, Geopolitics, Economics:

- Critical Minerals 101
- Advanced critical mineral discovery, extraction, processing technologies
- Critical mineral economics and geopolitics
- Quantum research, supply chains, and applications
- Integration with federal research, development, and deployment capabilities (e.g., NLR and the national lab system)

Critical Minerals Roundtable
Speakers: School of Mines alongside industry partners USA Rare Earths, Energy Fuels, Endolith, Alta Resource Technologies (speakers TBC)

This roundtable on critical minerals will convene traditional mining operators alongside emerging technology companies working to modernize mineral extraction, processing, and supply chain resilience. The discussion will provide staff an opportunity to examine how evolving technologies, domestic resource development, and public-private collaboration can support U.S. critical mineral security, while also exploring workforce, permitting, sustainability, and market challenges shaping the future of the sector.

12:30 PM **Drive to NLR South Table Mountain Campus**
15 minute drive

12:45 PM **Arrive at NLR South Table Mountain Campus**
15013 Denver West Parkway, Golden, CO 80401

12:45 PM – 1:30 PM **Lunch & Introduction from NLR Leadership Team**
Education Center for check-in, then to Research Support Facility, (x320A-C, Beaver Creek Conference Room)

1:30 PM – 4:45 PM **NLR South Table Mountain Campus Tour & Presentations**
Speakers: Jud Virden, Laboratory Director, Alliance President;
Adam Bratis, Chief Research Officer, Acting Deputy Laboratory Director;

Jaquelin Cochran, Associate Laboratory Director, Strategic Energy Analysis and Decision Sciences;
John Farrell, Associate Laboratory Director, Energy Security and Systems Innovation;
Maureen McCann, Associate Laboratory Director, *Bioeconomy and Transportation;*

Andrea Watson, Associate Laboratory Director, Innovation, Partnering, and Outreach;
Dan Beckley, Associate Laboratory Director, Facilities and Operations;
Kirstin Alberi, Center Director, Materials Science Center;
Josh Schaidle, Laboratory Program Manager, Carbon Management.

The National Laboratory of the Rockies Golden Campus offers a comprehensive view of federally supported research and development work on energy and security, from critical minerals processing and grid integration to advanced material development and demonstration sites. This visit will (1) allow staff to observe federal dollars at work, (2) ground policy discussions on innovation pipelines, and (3) highlight how public-private partnerships accelerate technology deployment.

Rough agenda:
1:30-3:15 PM Tour of Energy Systems Integration Facility (ESIF), including:
1:30-1:50 PM Kestrel, NLR's High-Performance Computing (HPC) data center
1:50-2:10 PM 2D and 3D Visualization Rooms
2:10-2:35 PM Energy Security and Reliability Laboratory (ESRL)
2:35-3:00 PM Agora Large-Load Test Bed
:00-3:25 PM Advanced Research on Integrated Energy Systems (ARIES) capabilities
3:25-3:45 PM Tour Integrated Biorefinery Research Facility (IBRF)
3:45-4:45 PM Tour of Energy Materials & Processing at Scale (EMAPS) Facility

4:45 PM **Drive to Reception & Dinner Venue**
[LOCATION, ADDRESS]

15 minute drive

5:00 PM – 5:45 PM **Pre-Dinner Reception**

Staff will attend a pre-dinner reception alongside NLR and Colorado School of Mines (CSM) researchers and faculty, as well as industry and private sector partners that make up NLR's Foundation. In participating, staff will have the opportunity to discuss the days' events and form relationships with cross-sector experts to dig deeper into areas of interest.

6:00 PM – 7:30 PM **Dinner**
TBD

Staff will attend dinner alongside NLR and Colorado School of Mines (CSM) researchers and faculty, including those from the CSM Payne Institute for Public Policy. In participating, staff will have the opportunity to engage directly with technical and policy experts, allowing staff to explore specific areas of interest and continue more in-depth discussions building on insights from the day's site visits.

7:30 PM **Drive to Hotel**
Estimated Time 15-30 minutes

RON **Denver West Marriott**

WEDNESDAY, AUGUST 12, 2026

7:30 AM **Optional Staff Breakfast at Hotel**

8:00 AM **Drive to NLR Flatiron Campus in Golden, CO**
30 minute drive

8:30 AM **Arrive at NLR Flatiron Campus**
15013 Denver West Parkway, Golden, CO 80401

8:30 AM – 12:30 PM **NLR Flatiron Campus Tour & Presentations**
Speakers: Jud Virden, Laboratory Director, Alliance President;
Adam Bratis, Chief Research Officer, Acting Deputy Laboratory Director;
John Farrell, Associate Laboratory Director, Energy Security and Systems Innovation;
Daniel Laird, Director, National Wind Technology Center;
Jen Kurtz, Research Director, ARIES, Center Director, Energy Conversion and Storage Systems;
Andrew Hudgins, Laboratory Program Manager, ARIES/ESIF.

NLR's Flatron Campus focuses on large-scale power systems testing and research. This visit will provide staff with the opportunity to see multiple energy systems operating at scale, gain insights into the major research questions related to each, and consider how applied energy innovation can advance more affordable, reliable, and secure energy for our nation.

Rough agenda:
8:30-8:45 AM Breakfast and Welcome from NLR Leadership and Flatirons Researchers
8:45-9:15 AM Flatirons Campus and ARIES Overview
9:15-12:00 PM Flatirons Campus Tour:
9:15-9:45 AM: ARIES large-scale systems integration
9:45-10:05 AM: Waterpower Research (LAMP, marine energy, hydropower)
10:05-10:25 AM: DRTS & 5-Megawatt Dynamometers (Equipment Testing Center)
10:25-10:45 AM: Composites Manufacturing Education and Technology (CoMET) Facility
10:45-11:15 AM: Structural Characterization (STL)
11:15 AM-11:40 PM: Research Pads, Energy Storage Infrastructure, Industrial Technologies
11:40-12:00 AM: Control Center Facility

12:00 PM – 1:30 PM **Lunch with ARIES Leadership and Flatirons Research Staff**

This lunch with ARIES and other lab leadership and research staff will provide staff an opportunity to engage directly with NLR leadership and researchers, ask follow-up questions on the Lab's work, and synthesize themes across the site visits. The discussion will help connect observations from the tour and prior engagements into a broader understanding of how research, demonstration, and deployment efforts intersect across the regional energy and innovation ecosystem.

1:30 PM **Drive to CO School of Mines Beck Venture Center**
1700 Washington Ave, Golden, CO 80401
10 minute drive

1:40 PM – 2:10 PM **CO School of Mines Beck Venture Center Introduction by Leadership**
Speaker: Zach Bennett, Director of Beck Venture Center and Mines Venture Program

The Colorado School of Mines Beck Venture Center will provide staff with an overview of how university-led entrepreneurship, technology transfer, and startup incubation support the commercialization of emerging energy and industrial technologies. This brief will highlight how the Center connects researchers, students, investors, and industry partners to accelerate the pathway from research and development to market deployment, while strengthening regional innovation and workforce ecosystems.

2:10 PM – 3:10 PM **Innovation & Commercialization Roundtable**
CO School of Mines Beck Venture Center
Speakers: Zach Bennett, Director of Beck Venture Center | Trish Cozart, Director of National Lab of the Rockies' Innovation and Entrepreneurship Center | Fervo Energy Speaker TBC | Additional Private Sector Partner TBC

This roundtable on innovation and commercialization will bring together leaders from the Colorado School of Mines, NLR, and several supported startups to examine how research partnerships move technologies from laboratory concepts to deployable solutions. The discussion will provide staff insight into the challenges and opportunities associated with scaling emerging technologies, aligning federal research investments with private-sector needs, and fostering collaboration across universities, laboratories, startups, and industry partners to strengthen U.S. competitiveness and innovation capacity.

3:30 PM – 4:30 PM **Quantum Computing Roundtable**
CO School of Mines Beck Venture Center
Speakers: Fred Saarazin, Professor/Dept. Head of Physics | Jessi Olsen, CEO, Elevate Quantum | Corben Tillemann-Dick, Founder & CEO, Maybell Quantum

This roundtable with regional ecosystem partners will provide staff an opportunity to engage directly with leaders across Colorado's quantum computing ecosystem, including industry, research, and the private sector. The discussion will help contextualize the region's role in advancing quantum technologies and explore implications for national competitiveness, workforce development, and energy-intensive computing infrastructure, highlighting how public-private collaboration is accelerating research, commercialization, and supply chain growth in this emerging sector.

4:30 PM – 4:45 PM **Walk to Reception**
Mines Museum | 1310 Maple St, Golden, CO 80401
15 minute walk

4:45 PM – 5:45 PM **Reception at Mines Museum**

Staff will attend a reception alongside industry partners from the day's roundtables and the NLR ARIES Advisory Board (details here), which includes representatives from the Department of Energy, NLR executive leadership, industry, academia, and other government agencies. This setting provides a valuable opportunity to engage a broader set of energy ecosystem stakeholders and continue more in-depth, informal conversations building on themes from the day's site visits.

Climate Solutions Foundation (CSF)

2026 New York Climate Week (NYCW)
Bipartisan and Bicameral Congressional Delegation Agenda
Sunday, September 20 – Tuesday, September 22, 2026

Sunday, September 20, 2026:

11:50 AM	**Amtrak Train departs with CSF Delegation** **Train 2212**
2:52 PM	**Train arrives Moynihan Train Hall – Penn Station**
3:15 PM – 3:45 PM	**Drive time from Moynihan Train Hall- Penn Station train Station**
3:45 PM - 4:00 PM	**Congressional delegation arrives in NYC via Amtrak & Check-in at WestHouse Hotel for Check In** Hotel: Westhouse Hotel NYC | 201 W 55th St, New York, NY 10019
4:15 PM – 5:00 PM	**Executive Time**
5:00 pm – 5:45 PM	**Delegation meets with CSF Executive Director** Hotel: WestHouse -Terrace Room- Top Floor

The delegation will meet with Ingrid Izaguirre, Executive Director of the Climate Solutions Foundation, to pick up materials pertinent to the meetings and roundtable discussions in which the delegation will be participating. The delegation will also review the schedule and agenda for both Monday and Tuesday.

6:00 PM – 7:30 PM	**CSF Welcome NYCW Dinner** *(3 minute walk from WestHouse)* Estiatorio Milos Midtown | 125 W 55th St, New York, NY 10019

CSF's Welcome Dinner will formally kick off CSF's New York Climate Week programming and bring together CSF's delegation, Board members, and a select group of partners and allies. Attendees will have the opportunity to connect with fellow members of the delegation and engage ahead of a busy day.

Monday, September 21, 2026:

7:30 AM **Congressional delegation Travels to Glasshouse**
Glasshouse | 660 12th Ave Fl 6, New York, NY 10019

8:00 AM – 9:50 AM **Congressional delegation attends NYCW Opening Ceremonies**

Climate Week NYC will open with the Opening Ceremony, bringing together climate leaders from across sectors to examine critical issues and emerging trends shaping the global climate landscape. The program will highlight investments and opportunities in clean technology and their role in driving transformation across finance, innovation, supply chains, policy, and regulatory frameworks.

8:00-8:45 AM **Light Breakfast & Networking**

9:00-9:10 AM **Welcome to Climate Week NYC**
***Moderator**: Carl Nasman, BBC News,*
***Speaker:** Helen Clarkson, Climate Group*

9:10-9:20 AM **Opening Keynote: Head of State Address, The new stakes: Climate Security is national security**
***Speaker:** Hon. Anthony Albanese MP, Prime Minister of Australia*

9:20-9:30 AM **In conversation: What climate security means now**
***Moderator:** Helen Clarkson, Climate Group*

9:30-9:40 AM Speech: What we cannot afford to lose sight of
***Speaker:** Amina Mohammed, Deputy Secretary-General of the United Nations*

9:40-9:50 AM **In conversation: Waiting is not a strategy**
***Speakers:** Paul Polman, Business Leader, Investor, Philanthropist Moderator: Helen Clarkson, Climate Group*

10:00 AM – 10:15 AM **Travel to Rockefeller Foundation**
Rockefeller Foundation; 420 Fifth Avenue, New York, New York 10018 John D. Rockefeller Room on the 23rd floor

10:15 AM **Arrival & Check-in Process at Rockefeller Foundation**

10:30 AM – 11:30 AM **NYCW Roundtable: AI, Data Centers, Energy Demand & Community Priorities**
***Speakers:** Bill Parsons, VP of Federal Legislative Affairs, Berkshire Hathaway Energy | Gerry Petrella, General Manager of US Public Policy, Microsoft | Lynnae Willette, Director of Regulatory & Legislative Affairs, EDF Power Solutions | Jon Monken, Senior Partner, Converge Strategies*

CSF's bipartisan and bicameral Congressional delegation will participate in a roundtable discussion with leaders from the hyperscale technology, energy, and regulatory sectors, as well as local community advocates. The discussion will examine how the United States can respond to rapidly growing data center buildout while maintaining energy reliability and affordability, advancing the economic development opportunities associated with AI infrastructure, and responsibly stewarding natural resources and addressing community priorities.

11:30 AM – 12:00 PM **Travel to Amazon, NYC**
126 West 41st Street, New York, NY 10036

12:15 PM **Arrival & Check-in at Amazon**

12:30 PM – 2:00 PM **Lunch Roundtable: Center for Critical Minerals Strategy**
Speakers: *Abigail Hunt, Executive Director, SAFE Center for Critical Minerals Strategy | Meghan Stasz, Climate & Circular Economy Policy Lead, Apple | Kelly O'Rourke, Chief Legal, External Affairs, and Sustainability Officer, South32 | Chao Yan, CEO, Princeton NuEnergy | Trent Mell, CEO, Electra | Ruth Demeter Hayes, Executive Director of Critical Minerals & Mining Policy, U.S. Chamber of Commerce, Global Energy Institute*

The discussion will bring together industry partners, think tanks, and the congressional delegation for a conversation on how the United States can capitalize on existing resource streams, address recycling and midstream bottlenecks, and advance more resilient, closed-loop critical-mineral supply chains.

2:15 PM – 3:45 PM **Grid Reliability & Buildout: Federal versus Regional Solutions Roundtable**
Speakers: *Charles Hernick, Head of Energy and Environmental Policy, Amazon | Chris Knittel, Associate Dean for Climate and Sustainability, MIT | Jason Stanek, Executive Director, PJM |*
David Hill, Vice Chairman of Board of Directors, NYISO | David Brown, Senior VP, Gov Affairs, Constellation | Michael Leahy, Vice President of Federal Affairs Chevron

This private roundtable will convene leaders from several regional grid systems for a candid, ground-level discussion of what is actually working (and what isn't) in addressing growing electricity demand, reliability challenges, and the need for new generation and transmission.

3:45 PM – 4:15 PM **Travel to Grids and Growth**
The National Arts Club |15 Gramercy Park South, New York, NY 10003

4:15 PM – 5:15 PM **Breaking 'Gridlock' for US-UK Energy, Reliability, Resilience and Affordability**
Speakers: *Minister Katie White, Dept. for Energy Security & Net Zero, UK |*
Doreen Harris, President & CEO, NYSERDA | Jamie Kunchick, Director,
External Affairs, FERC | Greg Jackson, Founder & CEO, Octopus Energy Group | Jennifer Ganten, Chief Global Affairs Officer, Commonwealth Fusion Systems | Roger Martella, Chief Corporate Officer, GE Vernova | Claire Lund, Chief Sustainability Officer, National Grid

This meeting will bring together UK embassy partners, the Congressional delegation, and business leaders to discuss how modernizing electricity grids can support economic growth, energy security, resilience, affordability and rising power demand. It will also showcase practical UK-US cooperation and the contribution of UK businesses operating in the US.

5:30 PM – 4:30 PM **Travel to Bipartisan Clean Energy Innovators Reception**
Manuela's Restaurant |130 Prince St, New York, NY 10012

5:30 PM – 6:30 PM **Bipartisan Clean Energy Innovators Reception**

The Congressional delegation will attend a reception bringing together more than two hundred energy and climate allies including Congressional Members, staff, private sector leaders, philanthropy, think tanks, academia, and international embassies. This convening will serve as an opportunity for informal relationship building with partners and allies. There will be remarks made by a few of the Bipartisan Clean Energy Innovators represented at Climate Week.

6:45 PM – 7:00 PM **Travel to CSF Closing Dinner**
Peasant | 194 Elizabeth St, New York, NY 10012

7:00 PM – 8:30 PM **CSF Closing NYCW Delegation Dinner**

CSF's Closing Dinner will provide the congressional delegation with an opportunity to connect with leaders from the private sector and the broader climate and energy community for an engaging discussion on the opportunities and challenges shaping the evolving energy landscape. We look forward to convening a diverse group of voices for a thoughtful and informal conversation during this dinner.

RON **Westhouse Hotel NYC | 201 W 55th St, New York, NY 10019**

Tuesday, September 22, 2026:

8:00 AM - 10:00 AM **Breakfast Roundtable**
H&K Law Offices | 787 7th Ave, 31st Floor
Speakers: *Taite McDonald, Co-Chair of Energy Transition Industry Sector Group, Holland & Knight | Alex Herrgott, President & CEO, The Permitting Institute | Nat Keohane, President, C2ES | Willie Phillips, Partner, H&K Partner & former FERC Chairman | Rick Thigpen, SVP, Public Service Electric & Gas (PSE&G) | Christopher Raup, VP of Energy Policy & Regulatory Affairs, ConEdison*

This event will feature three thirty-minute panels with experts from the public and private sector, discussing finance, permitting, and regulatory considerations involved in scaling and deploying clean energy in the U.S. The Congressional delegation will get the chance to hear a range of energy sector partners weigh in on challenges and opportunities in advancing technological deployment that has the potential to reduce climate impacts and positively impact the U.S. economy.

12:10 PM **Congressional delegation returns to DC by Amtrak Train 131**

3:45 PM **Congressional Delegation arrives Union Station (WAS)**
