This trip, which is modeled on our previous international delegations, is an experiment in relationship-building and the practice of CARE LAB skills for self-care, bridging, and active listening. Over three days and three nights, we'll engage with New Mexicans of all stripes while visiting their communities, businesses, Pueblos, homes, and natural sites and meeting with local leaders.

During the trip we will:

- Shine a light on New Mexico's work to engage in conversations amid a multitude of coexisting perspectives, often defying national narratives of partisan politics.
- Provide a convening opportunity for Senate leaders who have attended Care Lab dinners and want to deepen conversation about bridging and care.
- Help repair mistrust between leaders in Congress/the federal government and the people of New Mexico

Official invitations and an application for approval from Senate Ethics will be sent directly to you from the Senate Ethics portal. **Please submit by Wednesday, June 17** to account for any additional questions Ethics may have before their 30 day deadline. History of Congressional Travel

In April 2024, Care Lab took six chiefs of staff to Salt Lake City, Utah. CARE LAB sponsored our first and only previous congressional travel program in April 2024, when six Senate Chiefs of Staff travelled on a program with us to Salt Lake City, Utah. Care Lab is a domestic spinoff from The Center for Democracy in the Americas, which sponsored numerous trips for congressional staff to Cuba, Venezuela, and other Latin American countries.

Educational Activities

CARE LAB runs a program called "Three Dinners," a master class on science-based tools for resilience in leadership. It is a professional development opportunity for Senate Chiefs of Staff and Staff Directors to engage with tools of self-care, stress management, and bridging. In our program, they form or strengthen relationships with counterparts, gain insights on conflict management and engagement with "the other," and learn effective skills they can use at the individual, office, Hill, and State levels. Over three evenings, a speaker examines the psychology behind conflict management, bridging, and stress, and a practical tool is offered. We also run follow-up "201" sessions for Three Dinners participants to deepen their skills and relationships. Experts are brought in to go in depth on specific challenges that Chiefs face, like bridging across religions, communication strategies to shift cultural narratives, or identifying intervention points to create nonaggression pacts.

Purpose and Details

Provide a brief description of the trip.

Over the course of three days, Senate Chiefs of Staff will engage with a wide variety of New Mexican residents, leaders, institutions, and communities. We will seek to better understand ways that issues of polarization and fragmentation are playing out in this state, to identify opportunities for bridging, and to build trust.

Explain how the purpose of the trip relates to your organization's mission.

Care Lab's mission is to bring people and ideas together, across divides, to create a care-centered world. In pursuit of this mission, we work to reduce polarization and fragmentation by helping leaders to connect with each other - across differences and party affiliation - and to build trust with the people they serve. In New Mexico, divisions have historically emerged around land, water, border security, and between different ethnic groups including Spanish-descendent communities, indigenous tribes, and English speaking settlers. As we engage with New Mexicans from many perspectives and walks of life, we seek to simultaneously build trust between Senate offices, practice skills for deep listening and engagement across difference, and - ideally - create new lines of sight between U.S. Congress and New Mexico.

Itinerary

The itinerary is below.

Transportation (Per Member/Officer/Employee: $1,025.92 | Accompanying Family Member: $0.00)

Transportation Type	Class	Amount
Airfare	Coach	$917.20

Note
Economy class flights from DCA to ABQ on July 23, then return on July 26 from ABQ to DCA.

Ground Transportation	Coach	$108.72

Note
Care Lab is renting a 15 passenger sprinter van with a driver to drive us to and from our various locations in Santa Fe, NM. The van will provide airport pickup on July 23 and ground transportation to our community visits on July 24, 25, and 26.

Lodging (Per Member/Officer/Employee: $501.00)

Check-In	Check-Out	Facility	City	State	Country	Nights	Cost/Night	Cost Exceed Per Diem
07/23/2026	07/26/2026	La Posada de Santa Fe	Santa Fe	New Mexico	United States	3	$167.00	No

Meals (Per Member/Officer/Employee: $201.00)

Date	Breakfast	Lunch	Dinner	Incidentals	Total	City	State	Country	Cost Exceeds Per Diem
07/24/2026	$48.00	$22.00	$55.00	$0.00	**$125.00**	Santa Fe	New Mexico	United States	Yes

Cost Exceeds Per Diem Reason
The venue where we are holding our opening briefing requires that we use one of two of their recommended catering companies. Catering also requires the cost of delivery, set-up, and pick-up. Since our group will have an early start after a previous late evening, we want to provide breakfast at our opening briefing in case anyone was not able to grab breakfast before hand. Dinner goes over the per diem rate because we are a large party over 8 and thus requires a minimum food and beverage order.

07/25/2026	$20.00	$22.00	$34.00	$0.00	**$76.00**	Santa Fe	New Mexico	United States	Yes

Date	Breakfast	Lunch	Dinner	Incidentals	Total	City	State	Country	Cost Exceeds Per Diem

Cost Exceeds Per Diem Reason

The per person cost of the catering is inclusive of food and utensils, and includes set-up/clean-up and delivery to a private home venue which will have enough space for informal, small group discussions. Based on our investigation of other catering options in Santa Fe, other places would have charged $50-$100 per person.

Reasonable Miscellaneous Expenses (Per Member/Officer/Employee: $0.00)

Expense Type	Amount	Notes

There are no miscellaneous expenses.

Itinerary: Care Lab Senate Chiefs Trip to New Mexico

In New Mexico, roots run deep. Family matters, and political perspectives don't always map on neatly to the national red vs blue narrative. Home of the oldest seat of government in the United States, New Mexico's story reaches back through the histories of the Pueblo peoples, to Spanish colonization, the Mexican-American war, and eventually, U.S. statehood on January 6, 1912. While national rankings tell one story about the state's ongoing challenges with education, child well-being, and economic well-being, New Mexico also tells us a story about resilience and innovation; of groups working together through conflict, natural disaster, and limited resources to build a shared life on very beloved land.

This is why Care Lab has chosen New Mexico as our second Senate Chiefs Network State Field Trip. Building on our first state delegation to Utah – which explored how Utahns sought to "disagree better" and navigate anxiety-provoking questions around growth and change – this trip will look at where conflict and fracture occur in New Mexico, zero in on where and how trust has been built, and how New Mexicans – of all stripes – are successfully overcoming challenges by working together to take care of their families, community, and the land.

Dear Chiefs,

We are pleased to extend this invitation to join CARE LAB in New Mexico for a Senate Chiefs state field trip **July 23-26**.

This trip, which is modeled on our previous international delegations, is an experiment in relationship-building and the practice of CARE LAB skills for self-care, bridging, and active listening. Over three days and three nights, we'll engage with New Mexicans of all stripes while visiting their communities, businesses, Pueblos, homes, and natural sites and meeting with local leaders.

During the trip we will:

- Shine a light on New Mexico's work to engage in conversations amid a multitude of coexisting perspectives, often defying national narratives of partisan politics.
- Provide a convening opportunity for Senate leaders who have attended Care Lab dinners and want to deepen conversation about bridging and care.
- Help repair mistrust between leaders in Congress/the federal government and the people of New Mexico

Official invitations and an application for approval from Senate Ethics will be sent directly to you from the Senate Ethics portal. **Please submit by Wednesday, June 17** to account for any additional questions Ethics may have before their 30 day deadline. You will need an approval letter from the committee before the first day of travel.

In the portal, you will find:

- A Private Sponsor Travel Certification Form completed by Care Lab
- An hour by hour itinerary
- A copy of this unsolicited invitation

Upon your return within 30 days after the last day of travel, the Senate Ethics portal will generate documents required for post-travel disclosure, including:

- Confirmation that no trip details have been changed from the pre-travel approval request
- Filing public disclosure with Office of Public Records (Hart 232)
    - Completed and signed Form RE-3 (Senators and Officers Post-Travel Disclosure of Travel Expenses Form)
    - Copies of all pre-travel documents listed above
    - Any changes from approved Pre-Travel Form

Lastly, please register your commitment and fill out this google form to collect traveler information in order for us to purchase plane tickets on your behalf. Let us know if you would prefer an alternative way for us to collect this information.

Looking forward to an exciting trip!
